The Region 45 800 MHz Public Safety Planning Committee meeting is open to the public. All eligible public safety providers in Wisconsin may utilize these frequencies. It is essential that participants be representative of all eligible public safety providers in order to ensure that your agencies' future spectrum needs are considered in the allocation process. Administrators who are not oriented in the communications field should delegate someone with this knowledge to attend, participate and represent your agency's needs. Vendors are encouraged to attend as non-voting members and serve as a resource to the committee.

Region 45 encompasses the State of Wisconsin except for Dane, Dodge, Jefferson, Kenosha, Milwaukee, Ozaukee, Racine, Rock, Walworth, Washington, and Waukesha Counties.

All interested parties wishing to participate in the planning for the use of new public safety spectrum in the 700 MHz band within Region 45 should plan to attend. For further information, please contact:
