Hotline: 1-800-943-0003

DATE: Monday, 6/16/2008 1:00 A.M.
TO: Governor Jim Doyle
Wisconsin Congressional Delegation
State Legislators

FROM: Johnnie Smith, Administrator

SUBJECT: SITUATION REPORT ON STORMS #43

OVERVIEW

Wisconsin Department of Transportation and State Patrol report the following roadway opening of the Interstate System:

Eastbound Interstate 90/94 reopened Sunday night from USH-12 (near the Wisconsin Dells) to WIS-78 (just S of Portage). All lanes are open for the entire length, except that *traffic is restricted to the passing lane from mile marker 105 to 106.*

Many local, county and state roads remain closed.

State-federal disaster assessment teams will meet with representatives in Waukesha, Washington, Winnebago, Green and Dodge counties today. The President has declared a disaster for Columbia, Crawford, Sauk, Vernon and Milwaukee counties. Richland remains under review.

The first of the Disaster Recovery Centers will open today in Reedsburg at the high school, 1100 S. Albert Ave., daily from 10 a.m. to 7 p.m. until further notice. Additional centers in the other declared disaster counties are also expected to open. Exact locations will be forthcoming.

Wisconsin Emergency Management has two mobile command centers deployed: one is supporting State Patrol operators at Exit 92 in Lake Delton/Sauk County, and the other is located at the Crawford County Incident Command Post in Gays Mills. Regional staff are supporting county operations across the east-central and southeast regions of the state. The state Emergency Operations Center remains staffed 24 hours.

Throughout the storm-affected region, dams are holding but are being monitored very closely as many are not expected to crest until later this week.

National Weather Service

A NWS flood warning remains in effect for the following counties: Marquette, Green Lake, Fond du Lac, Sheboygan, Columbia, Sauk, Dodge, Washington, Ozaukee, Waukesha, Milwaukee, Green, Rock, Jefferson, Iowa, Walworth, Lafayette, Racine, Kenosha and Dane.

NWS said flood waters are usually deeper than they appear. Even one foot of flowing water is powerful enough to sweep vehicles off the road. Be especially cautious at night when it is harder to recognize the dangers of flooding. Most flood related deaths occur in automobiles.

National Weather Service water levels and flood predictions:

<http://www.weather.gov/ahps/forecasts.php>

NWS reports major flooding on rivers at Baraboo, Watertown, Milford, Jefferson, Fort Atkinson, Newville, Indianford and New Munster. Moderate flooding is reported on rivers at Beaver Dam, Horicon, Berlin, Burlington and Martintown.

The hydrological report is located at <http://www.crh.noaa.gov/ahps2/index.php?wfo=mkx>

Federal/State

Joint state-federal disaster assessment teams will meet with representatives in Waukesha, Washington, Winnebago, Green and Dodge Counties this morning. News media are asked to call the state Emergency Operations Center at 608-242-3292 this morning if they are interested in meeting with a team.

A Joint Field Office will open Tuesday in Madison, staffed by state agencies, FEMA, the U.S. Small Business Administration (SBA), and other federal agencies. Crews will continue assessing private sector damage in additional counties today, and begin assessing damage to public infrastructure next week.

FEMA is advising citizens that its disaster assistance covers an individual's basic needs only and will not normally compensate the entire loss. The government may help pay for basic needs not covered under insurance policies.

The disaster declaration frees up federal funding for individual assistance in these counties for eligible expenses such as home repair and temporary housing. Individuals need to call 1-800-621-FEMA to apply for assistance, or apply online at www.fema.gov.

When applying for help, be sure to have the following information available:

- Your current telephone number;
- Your address at the time of the disaster and the address where you now are staying;
- Your Social Security number, if available;
- A general list of damages and losses you suffered;
- If insured, the name of your company or agent and your policy number;
- General financial information;
- Bank account coding if you wish to speed up your assistance with direct deposit.

Disaster victims may be eligible for grants and or loan interest loans. The FEMA representative will explain the details to you when you call.

U.S. Small Business Administration (SBA) offers low-interest disaster loans for homeowners, renters and businesses of all sizes to repair or replace damaged or destroyed property.

ROAD CLOSURES/ CONDITIONS

Interstate highway system

- I-90/94 westbound north of Madison is open in its entirety. I-90/94 eastbound to Madison is open, as well; all eastbound lanes are open except for a small stretch of one-lane traffic between mile markers 105 and 106.
- I-94 westbound from Milwaukee is closed from STH 83 at Delafield west to STH 89 at Lake Mills. The detour goes from STH 83 SB to I-43 SB to I-39/90 NB to Madison.
- I-39 northbound and southbound is closed from STH 78 to STH 16. The southbound detour goes from STH 16 in Portage to USH 51 to I-39/90/94 north of Madison. The northbound detour follows the same route, starting from the USH 51/I-39/90/94 interchange north of Madison.
- Exits from I-90/94 to STH 33 remain closed. The entire I-39/STH 33 interchange remains closed.

State and Other Roads (includes changes added 6/14-6/15):

- STH 18 is closed from STH 67 to Utica in Waukesha County.
- STH 106 is closed from STH 73 to CTH E in Jefferson County.
- STH 19 is closed from CTH Q to Hubbleton Road in Jefferson County.
- STH 60 is closed from STH 26 to STH 67.
- STH 50 in Kenosha County is closed from CTH P to STH 75/83. Detour update: The eastbound detour goes from CTH P north to Market Street east to STH 83 north to STH 412 east to STH 75 south to STH 50. The westbound detour follows the same route, starting from STH 75.
- STH 23 (STH 73/Main Street) is closed in Princeton, from W. Water Street to E. Water Street. Motorists are to use Water Street as a detour route back to STH 23 (STH 73).
- STH 16 is closed from CTH G/I to Old 16 Road in Columbia County.

Road conditions:

The public is asked to call **1-800-ROAD-WIS (762-3947)**.

The Wisconsin Dept. of Transportation (DOT) web site (<http://www.dot.wisconsin.gov/travel/incident-alerts.htm>) has up-to-date maps and information on road closures for Interstate and major state highways.

Special Regulations:

Speeds — are reduced to 55 mph on the Interstate in the area of flooding near Portage to protect the pavement due to overly saturated conditions.

Weight limits — Vehicles carrying relief supplies, assisting in flood abatement, and responding to emergency services are exempted from DOT oversize and overweight vehicle regulations on and along a line from I-90 at LaCrosse, east to I-94 at Tomah, north

on I-94 to STH 21, east on STH 21 to I-39, north on I-39 to USH 10 at Stevens Points and east on USH 10 to Manitowoc.

Lafayette County: Lafayette County officials report that ALL roads over the Pecatonica River in Lafayette County are OPEN.

Green County

Green County Emergency Management asks all Green County residents who have had flood damage to call their office at 328-9416 and report their damage.

Sauk County

Water treatments plants are out, mainly in Reedsburg. The public has been ordered to limit flushing and use of water.

Rock County

Damage reports should be made to local municipalities.

Kenosha County

Residents of Kenosha County who have sustained flood or storm damage are asked to call the Kenosha County Emergency Management Damage Hotline at 262-605-7926 to report the amount of damage they have.

Red Cross and Salvation Army

The Red Cross has made several announcements, including:

- The opening of Service Delivery Centers in Richland, Milwaukee, La Crosse, Sauk and Dodge counties.
- Mobile Delivery Service for Columbus and Portage counties.
- Bulk Distribution Sites for Crawford, Grant, Richland, Sauk, Juneau, Iowa, Monroe and Vernon counties.

Red Cross press releases with more information about these announcements are available at WEM's web site at: <http://emergencymanagement.wi.gov>.

Resources:

- DNR has educational information for citizens affected by flooding on their web site at http://dnr.wi.gov/emergency/current_flood.html
- Updated information on parks and state trails can be found at: www.wiparks.net.
- Information for private water well owners: <http://dnr.wi.gov/org/water/dwg/flood.htm>
