

Situation Report

Wisconsin Emergency Operations Center

Department of Military Affairs ■ 2400 Wright Street ■ Madison WI 53704

DATE: December 21, 2012

TO: Governor Scott Walker

FROM: Greg Engle, SEOC Manager

SUBJECT: **Situation Report #7 (Final) on Severe Weather
Operation Snow Fall**

The State Emergency Operations Center (SEOC) at 8:00 am held an SEOC briefing to provide a statewide situational awareness update on the winter storm that is occurring. Statewide we continue to see a variety of winter storm conditions. Since early this morning, weather conditions have been improving.

Utility companies are reporting around 25,000 customers without power statewide. The highest area of outages continues to be in the Milwaukee area, Dane County, and the southeastern region of the state.

The Wisconsin State Patrol reported some vehicles have run off the road from the morning commute.

The State Emergency Operations Center has transitioned back to the 24-hour duty officer system, which is level 4. The WEM Senior Duty Officer and the Duty Officer will continue to monitor the situation. However, additional WEM, State Patrol and DNR staff remains on standby in case the EOC needs to elevate back to Level 3.

Wisconsin Emergency Management will continue to provide information on the storm through its website along with Twitter/Facebook. A number of interviews were conducted with morning news shows.

No further issues at this time – 8:00 am.
