Lodging (receipt(s) attached)	N/A		
Mileage	Miles @ .51		
Total Expenses			\$

I attest that the reimbursement request is accurate and for actual expenses incurred by me personally in the performance of official duties. I certify the work performed, as specified by dates provided in this invoice, is not dually compensated, that is, I was not being paid annual leave or compensatory time by another government entity while I was teaching for Wisconsin Emergency Management. If audited you will be required to show proof of other duty site work schedules during the specified timeframe. (This certification does not apply to private sector-funded courses.) I have attached the original training sign in sheet(s) and evaluations to this invoice for submittal.
