Appendix G: Exercise Data	35

## Introduction

### Purpose

The Wisconsin Multi-Year Training and Exercise Plan (TEP) is a foundational document to guide a successful training and exercise program related to incident command, emergency management, homeland security, and related programs for all emergency responders in the state. The TEP establishes priorities and goals that will guide the state's efforts to build, improve, and sustain core capabilities across a broad range of mission areas in prevention, protection, mitigation, response, and recovery.

This plan recognizes the importance of training and exercising in developing and maintaining core competencies as well as testing and improving plans. The plan is intended to provide the basis for programs that meet Department of Homeland Security (DHS) and Federal Emergency Management Agency (FEMA) requirements for necessary certifications, grants, and other federal and state directives.

As the state's primary role is to support and provide coordination for the local emergency response, the TEP contains a strong focus on building local capabilities and providing opportunities for collaborating among state and local government as well as the private sector.

*National Guard Omro Canvassing Mission during Dark Sky, May 2018*

### Framework

This TEP is guided by existing national and state planning and assessment frameworks, which are in turn based upon reviews of historical events and previous exercises, planning workshops, and other stakeholder input.

The national planning and guidance derives from presidential directives aimed at creating a secure nation integrated at all levels in its preparedness. Presidential Policy Directive 8 (PPD-8) outlines a comprehensive process to prepare the states in the event of a significant hazard that would potentially require diverse resources from various levels of government, multiple agencies, jurisdictions, the private sector, and citizens. PPD-8 calls for the development of a National Preparedness System that includes a series of integrated national planning frameworks covering prevention, protection, mitigation, response, and recovery.

The TEP is also closely aligned with the National Incident Management System (NIMS) and the Homeland Security Exercise and Evaluation Program (HSEEP), which provide important standards, best practices, and guidelines for emergency planning, training, and exercising.

Three key state documents that guide this plan are the State Threat and Hazard Identification and Risk Assessment (THIRA), the State Preparedness Report (SPR), and State Homeland Security Strategy. These documents were developed and approved by the Governor’s Homeland Security Council.

The THIRA is a comprehensive process for the state to identify risks, assess impacts, and define targets for measuring capability gaps and improvements. The SPR builds on the THIRA by providing a gap assessment on the core capabilities and annually measuring the state’s progress in closing these gaps. The 2017 THIRA includes 14 threat and hazard scenarios and capability targets for 32 core capabilities. A 2018 revision is underway to expand to 14 comprehensive threats and hazards, 32 capabilities, and include risk assessment information from the state hazard mitigation plan.

*Master Exercise Practitioner Program held in Wisconsin, June 2018*

The Strategy outlines goals and objectives in four main priority areas: cyber security, preventing and protecting against asymmetric and/or terrorist threats, catastrophic incident response and recovery, and sustainment of capabilities built through long-term investments. Training and exercises play a crucial role in this strategy, providing the state with a means of attaining, practicing, validating, and improving core capabilities

These priorities have been addressed and continue to be areas of special emphasis. Each of these priorities comes with its associated or implied USDHS core capability from the THIRA program, which is the foundation of the current

training and exercise program. An analysis of After Action Reports (AARs) and Improvement Plans (IPs) from state and county exercises conducted during the past several years provides a baseline of current core capabilities performance and readiness across Wisconsin.

The THIRA, SPR, and Strategy can be requested through Wisconsin Emergency Management.

These priorities have been addressed and continue to be areas of special emphasis. Each of these priorities comes with its associated or implied USDHS core capability from the THIRA program, which is the foundation of the current training and exercise program. An analysis of After Action Reports (AARs) and Improvement Plans (IPs) from state and county exercises conducted during the past several years provides a baseline of current core capabilities performance and readiness across Wisconsin.

## Methodology

A variety of methods were used to gather stakeholder input and develop the goals and objectives in the development of the TEP.

1. Review of current doctrinal training guidance from State of Wisconsin Homeland Security Strategy 2015-2018 and the core capability improvement strategies included in Wisconsin's 2017 Threat and Hazard Identification and Risk Assessment (THIRA) and State Preparedness Report (SPR) to identify training and exercise goal guidance and needs.
2. After-Action Reviews from recent events and exercises involving state participation.
3. Collaboration with WEM management and staff to identify training and exercise needs of internal customers.
4. Collaborative data collection from the six WEM Regional Directors as well as from the 72 counties and 11 tribal emergency managers to identify training and exercise needs of their respective counties, tribes, and private stakeholders. A survey was provided to each county and tribe prior to the 2018 annual TEPW workshop.
5. The annual Training and Exercise Planning Workshop in April 2018 with 58 attendees from county, municipal, tribal, state, and federal agencies participating (see Appendix C for a participant list). The workshop included regional break-out sessions during which input on training and exercise priorities was collected and reported out to the group.
6. Review and input by the statewide Comprehensive Response Group (CRG), an advisory and coordinating group of the Governor's Homeland Security Council. The group comprises state, federal, tribal, and local emergency response agencies, non-governmental organizations, and the private sector.
7. Consultation with other state agencies and the Wisconsin National Guard.
8. Analyze Exercise Data (Appendix G) from 2017 Statewide Exercises

## **Implementation Strategy**

### **Coordination**

The TEP is designed to be implemented in coordination with other state and federal training programs, including the Wisconsin Office of Preparedness and Emergency Health Care Training and Exercise Plan, training offered by the National Domestic Preparedness Consortium (NDPC), and other training programs of plan stakeholders.

### **Policies and Guidance**

The TEP is implemented through a number of WEM policy and guidance directives, which are available for download on the WEM web site at <http://www.emergencymanagement.wi.gov/>. These directives include:

- 5005.1 Instructor Qualifications and Guidelines
- 5005.2 Training Requests
- 5005.3 WEM Employee Required Training
- 5005.4 Exercise Policy
- 5008.0 After-Action Review Process

### **Funding**

The TEP is also implemented through several federal and state grants and funding sources. Federal grants include the Homeland Security Grant Program (HSGP), the Emergency Management Performance Grant (EMPG), and the Hazardous Materials Emergency Preparedness (HMEP) program. State programs include the Emergency Planning and Community Right-to-Know Act (EPCRA), Radiological Emergency Preparedness (REP), and Hazardous Materials training programs. Information on these grants and programs is available on the WEM web site.

### **Wisconsin Certified Emergency Manager (WCEM) Program**

The WCEM program was established in 1994 through a partnership between WEM and the Wisconsin Emergency Management Association (WEMA). WCEM is a voluntary emergency manager certification program designed for dedicated individuals who seek professional status and certification in the field of emergency management. This program was reviewed and revised in July 2017. The TEP recognizes the continued importance of this program as an important vehicle for achieving training goals and objectives.

### **Whole Community**

Wisconsin has embraced the “Whole Community” concept of emergency preparedness and response. The state continues to actively work with the private sector and volunteer agencies, providing training and opportunities to participate in exercises. Emergency managers statewide continue to foster existing public/private partnerships while assisting counties, tribes, and municipalities in creating new partnerships being supported through Homeland Security state and local collaboration grants.

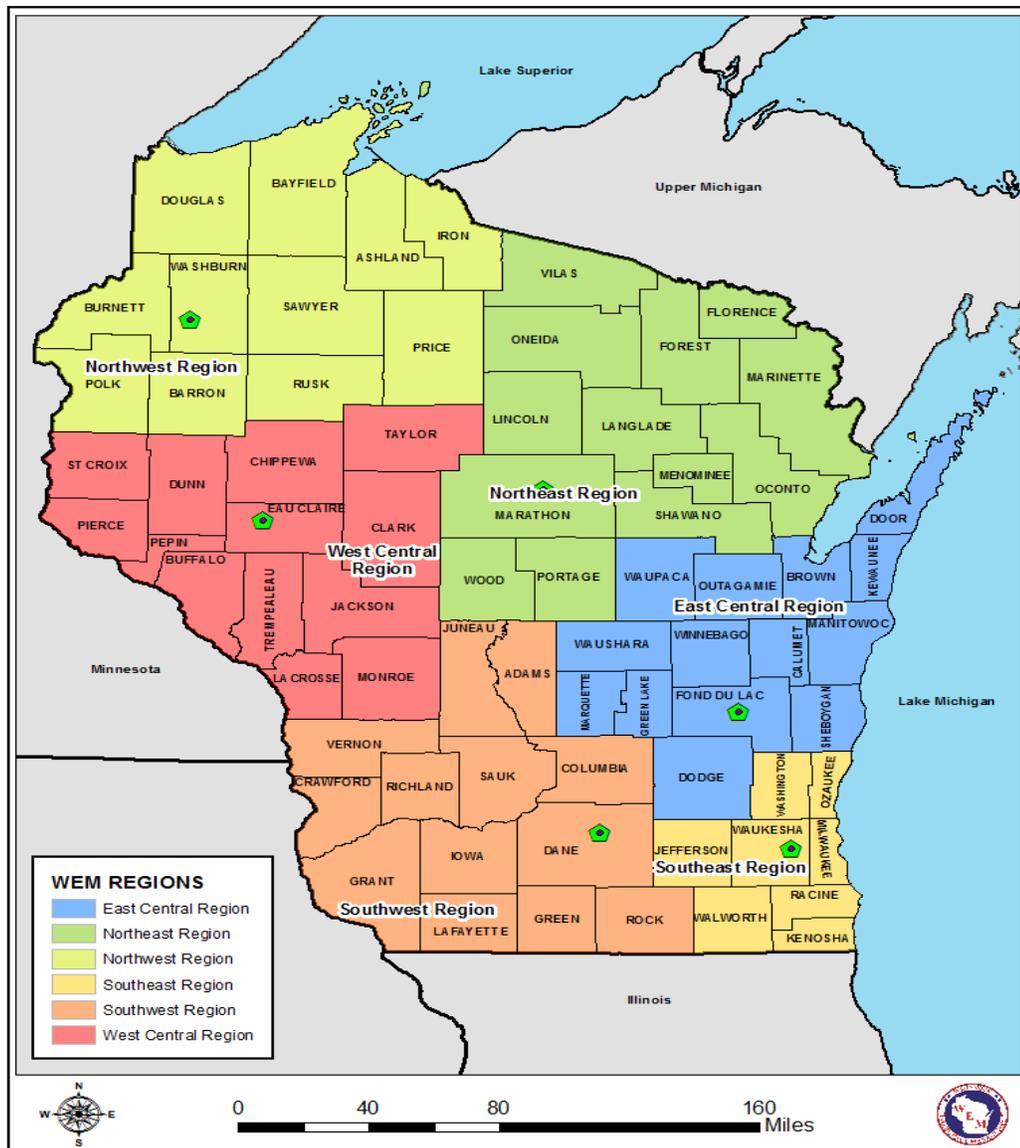

## Stakeholder Driven

The TEP is driven by the needs identified by stakeholders. As these needs evolve, the state training strategy needs to be a flexible, living document. Therefore, while the TEP lays out specific goals and objectives these are not considered limiting on the state's ability to offer new courses that meet changing demands, or revise exercise plans considering real-world events.

## Regional Approach

The TEP uses a regional approach following the WEM regions. Efforts are made to provide training and exercise opportunities in each region of the state throughout the year. Direct exercise support is offered through WEM exercise officers and region directors who are located across the state.

### **Special Focus Event (SFE) Two-year Cycle**

The plan recognizes the importance of using a building-block approach that links planning and training to a progressive series of exercises designed to successively test, correct, and improve on core capabilities throughout the process. The plan is designed to build toward a large-scale SFE every two years that meets a set of collaborative statewide training objectives across a range of priority core capabilities through an exercise of one or more of the threats and hazards identified in the THIRA.

The SFE will be a full-scale exercise involving activation of state and county EOCs, deploy multiple local and state resources, including the National Guard, and test coordination among emergency response partners. The two-year planning cycle will build toward the SFE through planning workshops, training opportunities, drills, tabletops, and functional exercises. After-action reviews will be used to address gaps and make improvements after each event. The SFE will be planned to use a multi-disciplinary planning team led by WEM and the National Guard and including exercise partners.

The SFE scenario will be a Complex Coordinated Terrorist Attack in a tourist area in Wisconsin. This goal builds on current state and regional planning, addresses several core capabilities of need, and provides a venue to collaboration among all levels of government and the private sector. The SFE will include regional tabletop exercises, the annual SimCom exercises, and the bi-annual national GridEx event to the plan.

### **Tentative SFE Schedule 2018-2020**

2018	July	Training Exercise Planning Meeting
	Sept	Initial Planning Meeting for CCTA
2019	Jan	Joint Information and Warning Table Top
	Feb	Active Killer Seminar
	March	Complex Coordinated Terrorist Attack Table Top
	June	Joint Intelligence Operation Center Exercise
	Nov	GridEx V: functional exercise focusing on operational coordination through operations centers
2020	Jan	Table Top Physical and Cyber Threat Public Information Officer
	May	SimCom
	Sept	Full-scale Complex Coordinated Terrorist Attack

See Appendix E for a more detailed exercise schedule.

### **Plan Maintenance**

The TEP will be reviewed and updated annually based upon the THIRA, SPR, and the TEPW as outlined in this document.

## Training Program Goals and Objectives

1. Maintain a Wisconsin Certified Emergency Manager (WCEM) program, in collaboration with the Wisconsin Emergency Management Association (WEMA).
  - a. Employ a joint WEM/WEMA CEM workgroup to review and update the curriculum every four years.
  - b. Complete the next program update by January 2020.
  - c. Develop a continuing education program for WCEM graduates to maintain their certification.
2. Support the continued delivery of ICS and other FEMA courses throughout the state. Provide at least two deliveries of each Wisconsin Certified Emergency Manager (WCEM) required "G" FEMA state field-delivered courses within the state each year.
  - a. Offer *Introduction to WEM* twice each year, usually in April and November.
  - b. Offer *Wisconsin Disaster Response and Recovery Operations Workshop* twice each year, usually in May and October.
  - c. Provide Public Information Officer training in each region annually.
  - d. Provide debris management training in each year.
  - e. Courses under revision in any given year may have limited availability.
3. Provide and support training programs held locally through FEMA's Emergency Management Institute (EMI) and the National Domestic Preparedness Consortium (NDPC) along with programs that may be needed in response to a current event. Provide at least six EMI and NDPC courses within the state each year.
  - a. NDPC courses for the following year will generally be scheduled in the previous fall.
    - Emergency Operations Plans for Rural Jurisdictions
  - b. Provide at least one COMT & COML course each year. In partnership with the Office of Emergency Communications. These courses will be rotated among the WEM regions.
  - c. Conduct Integrated Emergency Management Course from EMI by 2019.
  - d. Provide cyber training annually in coordination with the Division of Enterprise Technology's (DET) Cyber Disruption Response Strategy.
  - e. Provide CAMEO training annually.
4. Deliver pre-conference training programs prior to annual statewide conferences that provide opportunities to both meet basic training requirements and learn specialized skills, including:
  - a. At least three one-day pre-conference training classes prior to the annual Governor's Conference on Emergency Management and Homeland Security on a broad range of public safety topics and courses not typically available in the state. Include at least one WCEM elective course.

- b. At least three two-day pre-conference training classes prior to the annual Wisconsin Emergency Management Association (WEMA) conference, scheduled in collaboration with WEMA, and including a WCEM required courses.
5. Deliver training on critical special topics in WEM regions, including:
  - a. Three-day Model City Incident Command Training in in 2018 – 2020
  - b. Annual training on the state resource mobilization plan and state resource capabilities (Homeland Security Strategy Objective 3.1.3).
  - c. Develop and provide a one-day EPCRA and LEPC basic course annually.
  - d. Develop ICS training for elected officials.
6. Implement a State Emergency Operations Center training plan that includes:
  - a. At least one general and one positional SEOC training course for each position annually each year.
  - b. Quarterly refresher training
7. Training on the state’s incident management software - Web EOC.
  - a. Regional train-the-trainer refreshers with partial administrators in the fall
  - b. Webinar-based end-user training in the spring and as necessary
8. Implement the NIMS 2017 revisions into statewide incident command training
  - a. Present revised NIMS FEMA G courses in 2019, replacing current courses
  - b. Provide instructor training necessary to present the revised G courses
  - c. Develop a bridge/refresher course on for the ICS 300 and 400 courses
9. Support training and exercises to continue to build and sustain statewide specialized emergency response capabilities, including haz-mat, Wisconsin Taskforce 1 (WI-TF1), WI Mutual Aid Box Alarm System (MABAS), Aligned Law Enforcement Response Teams (ALERT), and cyber response teams.
10. Present the FEMA independent study courses 100, 200, and 700 in a classroom format.
11. Provide annual Business Emergency Operations Center training to new, and current, Private Sector Liaisons that covers their role in the SEOC, an introduction or refresher to WebEOC, and includes an SEOC activation table-top exercise or drill.

## Exercise Program Goals and Objectives

1. Support county and tribal requests for exercises that meet the needs of the local emergency response community. From the 32 core capabilities, focus on the following as priorities identified in the 2017 THIRA:
  - Operational coordination
  - Public information and warning
  - Operational communications
  - Economic recovery
  - Critical transportation
  - Health and social services
  - Cyber security
  - Mass care
  - Infrastructure systems
  - Logistics and supply chain management
  - Public and Private Services and Resources
  
2. Conduct the following regional workshops or tabletop exercises:
  - a. At least three annual workshops to provide outreach to private sector partners regarding business continuity, disaster preparedness, and supply chain assurance (Homeland Security Strategy Objective 2.2.2). Grant opportunities will be announced by the spring of each year and will include opportunities or sustainment workshops and training for existing public/private partnerships. Partnerships will include training and outreach related to the development of Business Emergency Operations Centers (BEOC).
  - b. Two agriculture emergency preparedness and response training exercises with local agencies, volunteer organizations, and private industry stakeholders (Homeland Security Strategy Objective 3.4.1)
  - c. One workshop or tabletop exercise in each WEM region annually on a rotating all-hazards threat scenario developed in collaboration state agencies, National Guard, local and tribal agencies  
-2019 workshop on lessons learned from the “Dark Sky” full scale exercise and the State Petroleum Shortage Plan
  
3. Conduct functional or full-scale exercises annually that test and improve collaboration among state, local, federal, and non-governmental partners working in state, county, and tribal EOCs, including:
  - a. One Radiological Emergency Preparedness (REP) exercise that appropriate training, workshops, and drills leading to an evaluated full-scale exercise (see Appendix F for the REP exercise schedule).
  - b. The SimCom functional communications exercise annually

4. Conduct an annual Continuity of Operations Plan (COOP) exercise within state government and promote annual COOP exercises within local and tribal government (Homeland Security Strategy Objective 2.2.4).
5. One annual all-hazards exercise guided by the THIRA focusing on a rotating scenario that test SEOC elevation and operational procedures builds toward a large-scale SFE on a two-year cycle. The focus for 2018-20 will be preparing for a complex coordinated terrorist attack in a tourist heavy community.
6. Conduct a Joint Intelligence Operations Center (JIOC) Exercise series by bringing analysts from several state and federal agencies together to test the JIOC concept and provide intelligence to Law Enforcement, Emergency Management, and the private sector communities.
7. Host an annual state-wide public/private partnership summit to discuss integration of the whole community into all phases of emergency management; encourage dialogue at the local/regional/state level to support the coordination of private sector resources; and to solicit feedback from the private sector, volunteer organizations, and faith-based community on opportunities for training, exercises, and additional partnerships.

Goals of the summit include:

- a. Identification of private sector challenges with disaster response and recovery
- b. Best practices and lessons learned
- c. Opportunity to network and relationship build
- d. Foster mentorships
- e. Provide resources for information sharing and situational awareness
- f. Recruitment of public/private partnership members
- g. Provide pre-summit training on business continuity/disaster resiliency

Phone: 608 242-3230

## Appendix A: 2018 Training and Exercise Summary

### WISCONSIN EMERGENCY MANAGEMENT (WEM)

#### Training and Exercise Support in 2017 through May 2018

<b>WEM Supported Training Activity</b>	
Classes	310
Responders Trained	4880
<b>Discipline Trained</b>	
Volunteer Organization	122
Public Works	118
Public Safety Communications	124
Public Health	401
Military	134
Law Enforcement	989
Human Services	79
Health Care	149
HazMat	92
Government Administration	288
Fire Service	791
Emergency Medical Service	282
Emergency Management	1080
Elected Officials	32
Education	72
Other Discipline	127
<b>WEM-Supported Exercise Activity</b>	
Drills/Workshops	20
Tabletops	28
Functional	19
Full-Scale	7
HSEEP Classes	4

## Appendix B: WEM Training Courses Available

Below are the courses that WEM may offer. All scheduled courses can be found on the Training Portal at <https://www.trainingwisconsin.org/Schedule.aspx>.

G-108 Community Mass Care Management  
G-110 Emergency Management Operations Course  
G-191 Incident Command System (ICS) Emergency Operations Center (EOC) Interface  
G-194.1 Local Floodplain Manager Roles and Responsibilities  
G-194.2 NFIP Rules and Regulations in Depth  
G-194.3 Letters of Map Change  
G-194.4 Preparing for Post-Disaster Responsibilities  
W-197 Emergency Planning and Special Needs  
G-202 Debris Management Planning for State Tribal and Local Officials  
G-203 Public Assistance Program Applicant Workshop  
G-235 Emergency Planning Course  
G-241 Decision Making & Problem Solving  
G-249 Managing People in Disasters – A Local Perspective  
G-250.6 Workshop in Emergency Management – Amateur Radio Resources  
G-250.7 Rapid Needs Assessment  
G-265 Instructional Delivery Skills  
G-270.3 Expedient Flood Training  
G-270.4 Recovery from Disaster – The Local Government Role  
G-271 Hazardous Weather and Flooding Preparedness  
G-272 Warning Coordination  
G-277 Residential Coastal Construction  
G-278 Benefit-Cost Analysis  
G-279 Retrofitting Flood-Prone Residential Structures  
G-282.1 Higher Standards in Floodplain Management  
G-282.2 Manufactured Homes and the NFIP  
G-282.3 NFIP Flood Insurance Principles  
G-282.4 Hydrology and Hydraulics Concepts  
G-284.1 Floodway Standards  
G-284.2 Disconnects Between NFIP Regulations and Insurance  
G-284.3 Common Noncompliance Issues  
G-284.4 Digital Flood Insurance Rate Maps (DFIRMs)  
G-284.5 Substantial Improvement – Substantial Damage  
G-285 Benefit-Cost Analysis Using the Limited-Data Module – Intermediate Training  
G-288 Donations Management Workshop  
G-289 Public Information Officer (PIO) Awareness Course  
G-290 Basic Public Information Officer Training  
G-291 Joint Information System – Joint Information Center Planning for Tribal State and Local PIOs  
G-293 Mitigation Plan Review Reference Manual  
G-300 (ICS-300) Intermediate ICS for Expanding Incidents  
G-310 Weapons of Mass Destruction  
G-318 Mitigation Planning Workshop for Local Governments  
G-351 Who's in Charge Here- Exercising Leadership in Emergency or Disaster  
G-357 Emergency Response to a Criminal and Terrorist Incident

G-358 Evacuation and Re-Entry Planning Course  
G-361 Flood Fight Operations  
G-363 Hurricane Readiness for Coastal Communities  
G-364 Multi-Hazard Emergency Planning for Schools  
G-365.3 WEM- Partnerships for Creating and Maintaining Spotter Groups  
G-366 Planning for the Needs of Children in Disasters  
G-367 Emergency Planning for Campus Executives  
G-386 Mass Fatalities Incident Course  
G-393 Mitigation for Emergency Managers  
G-400 (ICS-400) Advanced ICS Command and General Staff – Complex Incidents  
G-402 (ICS-402) Incident Command System (ICS) Overview for Executives and Senior Officials  
G-408 Homeland Security Planning for Local Governments  
G-434A Earthquake Safety for Schools  
G-489 Management of Spontaneous Volunteers in Disasters  
G-548 (IS-548) Continuity Program Manager  
G-575 Communications Interoperability  
G-775 EOC Management Operations  
WebEOC –Basic Training

HSEEP – Homeland Security Exercise and Evaluation Program  
TLO- Threat Liaison Officer  
ESC – Exercise Safety Controller  
COML – All-hazards Communications Unit Leader  
COMT – All-hazards Communications Technician  
ERB-1 Critical Incident Management (BOWMAC)

### **Outside training applications**

All **Center for Domestic Preparedness (CDP)** applications are handled digitally by the State Training Officer Gary Wieczorek. All other outside training applications are scanned to .pdf and emailed to the following addresses:

## Appendix C: Training and Exercise Planning Workshop Agenda

### Wisconsin Emergency Management

### Training and Exercise Planning Workshop

April 11, 2018 – Stevens Point, WI – Holliday Inn Conference Center

#### Agenda

#### Purpose of the TEPW

- Review Status of training & exercise goals for 2019-221
- Up-date stakeholder training & exercise support needs for 2019-21
- Begin to identify training & exercise collaboration opportunities among stakeholders for 2019-21

8:30 to 08:45	Welcome and Introductions – <b>Gary Wieczorek</b>
8:45 to 9:15	Current TEP Review & Discussion – <b>Gary Wieczorek</b> -Status of Training & Exercise Program Goals and Objectives -Annual Report 2017
9:15 to 9:45	Exercise Program status and resources – <b>Kevin Wernet &amp; Paul Gazdik</b>
9:45 to 10:00	Homeland Security related grants – <b>Shannon Ladwig</b>
10:00 to 10:15	Break
10:15 to 11:00	WI NG & State Agency Representatives Related Reports/Activities - <b>WI NG, -Major Harteau &amp; Captain Nielsen</b> - <b>DATCP – Michael Linsley &amp; Becky Slater</b> - <b>DHS – Svea Erlandson</b> - <b>WSP, DOT – Paul Wolfe</b> - <b>FEMA Region V – Mark Ballard</b>
11:00 to 12:00	Statewide Exercise Planning Discussions -Regional workshops – early 2019, - <b>Gary Wieczorek</b> -SimCom – May 1 to 3, 2019 & 2020, - <b>Kevin Wernet</b> -GridEx – Nov 2019, - <b>Kevin Wernet</b> -CCTA status – <b>Gary Wieczorek</b> -REP Exercise plans – <b>Dwight Field</b> -Public/Private Partnerships – <b>Jennifer Tarwater</b>
12:00 to 12:45	Working/Network Lunch – Regional Group Discussions
12:45 to 1:30	Regional Reports and suggestions – <b>Ed Sheppard (facilitator)</b>
1:30 to 2:30	Training Initiatives – <b>Gary Wieczorek &amp; Kevin Wernet</b> -EOC training -Public Information/Social Media Exercise -Rural areas training and exercise needs (identify) -NIMS refresh -Specialized training, EMI, NDPC, DHS -ICS 100, 200, & 700 (Classroom version)
2:30 to 3:00	Final comments & suggestions – <b>Gary Wieczorek</b>

## Appendix C: Training and Exercise Planning Workshop Course Request

Class Name	Year
Emergency Operations Plans for Rural Jurisdictions	2019
Senior Officials Workshop for All Hazards Preparedness	2019
Social Media for Natural Disaster Response and Recovery	2019
Advanced PIO	2019
Evacuation & Re-Entry	2019
G288 Donation Management	2019
G205 Recovery from Disaster	2019
G393 Mitigation for Emergency Managers	2019
EOC Ops	2019
REACT Outreach	2019
Cameo	2019
NIMS Refresher	2019
G202 Debris Management	2019
G235 Emergency Planning	2019-2020
G249 Managing People in Disasters	2019-2020
G265 Instructional Delivery Skills	2019-2020

## Appendix C: Training and Exercise Planning Workshop Participants

Last Name	First Name	Dept	Position Title
Cooke	Paul	Wis Military Affairs - Emerg Mgmt	Response & Recovery Director
Larson	Brandon	Vernon County Emergency Management	Director
Erlandson	Charlotte	DHS WI	Training and Exercise Coordinator
Williams	Shelley	Menominee County Emergency Mgmt.	Emergency Management
Kraft	Jeffrey	Lincoln County Emergency Management	Director
Brown-Giebel	Shelley	Fond du Lac Emergency Management	Emergency Management
Ennis	John	Walworth County Sheriff	Emergency Management Director
Cordova	Joseph	Wisconsin Department of Health Services	PHEP Manager
Gazdik	Paul	Wisconsin Emergency Management	Exercise Officer
Rentmeester	Philip	Marathon County	Director
McKeon	Tanna	Green County Emergency Management	Director
Thompson	Gervase	Juneau County Emergency Mgmt. Director	EM Director
Theune	Jason	Forest County Emergency Management	Director
Linsley	Michael	Department of Agriculture, Trade & Consumer Protection	Emergency Management Coordinator
Nehls	Amy	Dodge County Emergency Management	Director of Emergency Management
Ballard	Mark	FEMA Region V	Emergency Management Specialist
Magnin	Tim	Oconto County Emergency Management	County EM Director
Haugom	Donna	Jefferson County Office of Emergency Management	County EM Director
Stenbol	Carl	WEM	Planning Section Supv.
Johnson	Kathleen	Columbia County Emergency Management	Coordinator

Last Name	First Name	Dept	Position Title
Waack	Travis	Manitowoc County Emergency Management	Director
Harteau	Steven	J35	WING J35
Gervais	Jane	Emergency Management Director	Director of Emergency Management
Burmeister	Eric	Marinette County Emergency Management	Director of Emergency Management
Flugaur	Nicholas	Ho-Chunk Nation	Emergency Management Coordinator
Easterday	Natalie	Wisconsin Emergency Management	Response Section Supervisor
Sheppard	Ed	Wisconsin Emergency Management	Emergency Management
Wernet	Kevin	Wisconsin Emergency Management	Exercise Officer
Kortenhof	Kenneth	Oneida Cty Emerg. Mgmt.	Emergency Management
Erler	Teresa	Northeast Regional Director	Northeast Region Director
Findlay	Steven	Dunn County Emergency Management	Coordinator
Field	Dwight	Wisconsin Emergency Management	REP / GIS Specialist
Nielsen	Allen	Wisconsin National Guard/J3/5/7	Training Officer - Joint Staff
Schliesman	Bennett	Wisconsin Emergency Mgmt.	SE Region Director
McLellan, Jr.	John	Dane County Emergency Management	Population Protection Planner
Fenske	Steve	Wisconsin Emergency Management, EC Office	East Central Regional Director
Wolfe	Paul	Wisconsin State Patrol	Staff Lieutenant
Wieczorek	Gary	Wisconsin Emergency Management	Program Supervisor
Darling Ellis	Marie	Columbia County Emergency Management	Deputy Coordinator
Fuerbringer	Bruce	Buffalo County	Emergency Management Director
Pintarro	Darlene	Monroe County Sheriff's Office	EM Coordinator

Last Name	First Name	Dept	Position Title
Murphy	September	Lincoln County	EM Director
Slater	Rebecca	DATCP	Emergency Coord - Animal Health
Tarwater	Jennifer	Wisconsin Emergency Management	Emergency Gov. Specialist
Staples	Horace	Kenosha County Sheriff's Department	Lieutenant / Director of Emergency Management
Butler	Keith	La Crosse County Emergency Management	Emergency Management Coordinator
Engle	Greg	Wisconsin Emergency Management	Bureau Director
Brown	David	Wisconsin National Guard	Lt. Colonel

## APPENDIX D: WEM Course Schedule as of June 30, 2016

TITLE	COURSE #	START DATE	END DATE	CITY	PROVIDER	WEM Region
ICS/EOC Interface	G191	01/04/2018	01/04/2018	Grand Chute	Wisconsin Emergency Management	East Central
Continuity Exercise Design	E/L-547	01/08/2018	01/10/2018	Madison	Wisconsin Emergency Management	Southwest
REACT - Fire Instructor I	RE-INST10	01/08/2018	01/12/2018	Camp Douglas	The REACT Center	West Central
ICS-300 Intermediate Incident Command System for Expanding Incidents	ICS-300	01/08/2018	01/25/2018	Verona	Wisconsin Emergency Management	Southwest
Wisconsin Task Force 1 Manager Training	TFMGR	01/09/2018	01/09/2018	Camp Douglas	Wisconsin TaskForce 1	Southwest
Meters – Monitoring Your Safety	REACT HM MTRS	01/09/2018	01/11/2018	Camp Douglas	The REACT Center	Southwest
REACT Hazardous Materials Technician	REACT-HM-T	01/15/2018	01/19/2018	Camp Douglas	The REACT Center	Southwest
Wisconsin Task Force 1 - Exercise	WI-TF1 ORE	01/16/2018	01/16/2018	Camp Douglas	Wisconsin TaskForce 1	Southwest
Critical Incident Management (Initial Response)	CIM-IR	01/16/2018	01/18/2018	Grand Chute	Wisconsin Emergency Management	East Central
Wisconsin Task Force 1 - Exercise	WI-TF1 ORE	01/17/2018	01/17/2018	Camp Douglas	Wisconsin TaskForce 1	Southwest
Wisconsin Task Force 1 - Exercise	WI-TF1 ORE	01/18/2018	01/18/2018	Camp Douglas	Wisconsin TaskForce 1	Southwest
ICS-300 Intermediate Incident Command System for Expanding Incidents	ICS-300	01/20/2018	01/21/2018	Lancaster	Wisconsin Emergency Management	Southwest
REACT Fire Inspector I	RE-INSP10	01/22/2018	01/26/2018	Camp Douglas	The REACT Center	West Central
Critical Incident Management (Initial Response)	CIM-IR	01/23/2018	01/25/2018	Wausau	Wisconsin Emergency Management	East Central
ICS-300 Intermediate Incident Command System for Expanding Incidents	ICS-300	01/29/2018	01/30/2018	Madison	Wisconsin Emergency Management	Southwest
REACT - Fire Officer I	RE-FO1000	01/29/2018	02/02/2018	Camp Douglas	The REACT Center	West Central
ICS-300 Intermediate Incident Command System for Expanding Incidents	ICS-300	02/03/2018	02/04/2018	Rio	Wisconsin Emergency Management	Southwest
ICS-300 Intermediate Incident Command System for Expanding Incidents	ICS-300	02/05/2018	02/06/2018	Eagle River	Wisconsin Emergency Management	Northeast Region
Technical Search Specialist		02/06/2018	02/08/2018	Camp Douglas	Wisconsin TaskForce 1	Southwest
Homemade Explosives: Awareness, Recognition, and Response	AWR-313	02/08/2018	02/08/2018	Barron	New Mexico Tech	Northwest Region

## APPENDIX D: WEM Course Schedule as of June 30, 2016 (cont.)

TITLE	COURSE #	START DATE	END DATE	CITY	PROVIDER	WEM Region
ICS-300 Intermediate Incident Command System for Expanding Incidents	ICS-300	02/10/2018	02/11/2018	Oconto Falls	Wisconsin Emergency Management	East Central

## APPENDIX F: Wisconsin Nuclear Power Plant Drill and Exercise

### Schedule 2018-2022

#### 2018 -----

##### **Prairie Island Nuclear Generating Plant**

- Jan – March 2018, Continued Ingestion Workshops
- TBD, Spring of 2018, Federal Outreach Workshop
- June 5-6<sup>th</sup>, 2018 full scale, plume phase and ingestion pathway drill
- July 17-18<sup>th</sup>, 2018 FEMA **evaluated** plume phase and ingestion pathway exercise

#### 2019 -----

##### **Point Beach Nuclear Plant**

- May 21<sup>st</sup>, 2019 plume phase drill
- June 11<sup>th</sup>, 2019 FEMA **evaluated** full scale, plume phase

#### 2020 -----

##### **Prairie Island Nuclear Generating Plant**

- June 11<sup>th</sup>, 2020 full scale, plume phase drill
- July 21<sup>st</sup>, 2020 FEMA **evaluated** plume phase exercise

#### 2021 -----

##### **Point Beach Nuclear Plant**

- April 2021, plume phase drill
- May 25<sup>th</sup>, 2021 FEMA **evaluated** full scale, plume phase

#### 2022 -----

##### **Prairie Island Nuclear Generating Plant**

- June 28, 2022 full scale, plume phase drill
- August 2, 2022 FEMA **evaluated** plume phase exercise

#### 2023 -----

##### **Point Beach Nuclear Plant**

- August 2023, full scale HAB drill
- September 19, 2023 full scale **evaluated** HAB exercise

## APPENDIX F: Wisconsin Nuclear Power Plant Drill and Exercise (cont.)

2024 -----

### Prairie Island Nuclear Generating Plant

- May 14, 2024 full scale, HAB drill
- June 25, 2024 FEMA **evaluated** HAB exercise

2025 -----

### Point Beach Nuclear Plant

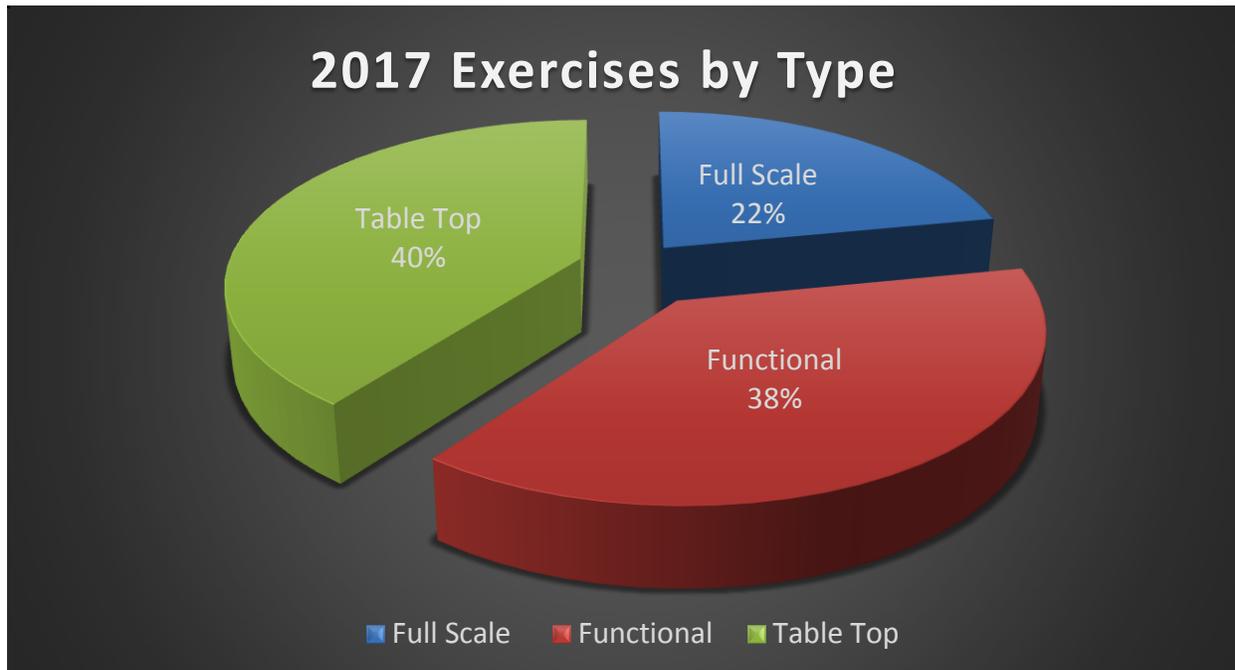

- TBD, Summer of 2017, Federal Outreach Workshop
- August 2025, full scale plume and ingestion pathway drill
- September 19, 2023 full scale **evaluated** plume phase and ingestion pathway exercise

Additional Training -----

**\*\*Currently developing an online course program, similar to FEMA’s independent study program. The first course under development is an “Ingestion 101” course, which once approval is received by FEMA, will meet the training requirement for ingestion counties.**
